T.E.L.

We provide state of the art endoscopy systems that include:

1. Operative Endoscopes
2. Instruments
3. Light Sources
4. Video cameras
5. Monitors
6. Digital Image Recorder
7. Light Cables
8. Video Carts

Service

T.E.L. inservices the endoscopy systems and instruments we sell. We have a complete repair service for all brands of diagnostic and operative medical instruments and devices. We repair and refurbish all office, clinic, and O.R. endoscopes, instruments, and electronic devices.

Lease vs. Purchase

Leasing equipment eliminates the capital outlay associated with introducing new procedures to the office. Many intelligent cost saving options are available.

Purchase

T.E.L. sells only the best “state of the art” products available at a reasonable price. Your satisfaction is guaranteed.

Instruments available for purchase and lease include:

- Hysteroscopes and all accessories
- Colposcopes
- LEEP generators and instruments
- Cystoscopes, accessories and instruments
- ENT microscopes, telescopes, instruments
- Video systems for all applications

Note: Let us know what you need... our “Finders Service” will locate the instruments you want!

Our goal is to provide the quality instruments you need, at a reasonable price, to best serve your patients and to give you excellent service.
